

Dear Sir, Madam,

We started our journey a little more than a year ago with the single goal of accelerating life-changing companies. Today we are standing tall before our second Demo Day and we are thrilled to share this moment with you.

On October 14 2014 we opened our doors and hearts to 11 outstanding teams. For the past three months we've been supporting their weight and guiding their way, like Sherpas, so each and every one of them could conquer their own little mount Everest.

We've laughed, discussed, negotiated, brainstormed, and rejoiced the good and the sad moments along the way, and we are proud of what they have achieved.

Once more, we are confident that we have hand-picked le crème de la crème of the international high-tech startup world and we are proud to present them to you.

We have created an unique opportunity for you as participant to the Global Government Venturing Summit 2015. You will get the exclusive possibility to meet our elite class at 30 min private meeting sessions with our startups. On enrollment you can have at max 4 meetings. This exclusive pre-meeting will be concluded with a masterclass on syndicates and a private investor dinner. Obviously you are also invited to our Investor Demo Day on Friday, 6th of February.

Program:

Thursday, 5 February 2015

Location : *High Tech Campus, Eindhoven – HighTechXL office*

15.00 – 17.00 : Private meetings with HighTechXL startups

17.00 – 18.00 : Masterclass syndicates

19.00 - ... : Investor dinner, *Karpendonkse Hoeve, Eindhoven*

Friday, 6 February, 2015

Location : *Evoluon, Noord Brabantlaan 1, Eindhoven, The Netherlands*
